STEAKS

Come and see our Specials Board which includes our available Dry Age Selections. Our friendly pitmasters and staff will also answer any questions. Come and see us at the grill.

All Fire and Brimstone steaks are sourced from premium suppliers who demonstrate ethical practices in cattle farming.

OUR DRY-AGEING PROCESS

Dry-aging improves steak in two ways. During the dry-aging process, moisture is expelled and redistributed in the steak, enhancing the flavour and tenderising the steak. Dry-aging steak results in a distinctive flavour that can be described as rich and dense.

SIDES

HOUSE PICKLES GF V 8 | 10

Bread and butter pickles & pickled red onion

ONION RINGS 10 | 12
